681 Dufferin St. 107

Toronto Nov. 21. 1917

Sir

Attending the University Sermons on Sundays, and some other public addresses at the University, I wondered if these are reported - perhaps published.

This suggested the possibility of my being able to render a small service, which if I might would give me very great pleasure.

For some years I was a Court Reporter, & have also reported conventions, addresses, & gatherings in Canada - U.S. & Europe.

I am now in Toronto, doing other work. If a verbatim, or in any degree fuller report, than those in the daily press, of these addresses (given evenings or Sundays) would be of any use I would be delighted to provide it, for the pleasure of the work and the satisfaction of maintaining my practice of a useful art.

I expect the chance of my being able to do any ~~small~~ service for a great University is small - but rather than miss even so small a chance I venture to trouble you with this note.

Yours very truly Geo. H. Playle

C. H. Playle, Esq.,

68 Dufferin Street,

Toronto.

Dear Mr. Playle:

I have received your very kind letter offering to render services in connection with the reporting of sermons or public meetings in the University. I appreciate very much your kind offer and I am fully aware that some of our addresses if taken down would be of value to us for publication in our Alumni Magazine or elsewhere. The Sunday morning sermons we could not very well publish. Many of them, I think, formed a part of a volume of sermons that the preacher has brought out. I shall be glad, however, if you will come in some time to see me and I could talk the matter over with you.

Yours sincerely,

President.
